RESIDENTIAL ADVENTURE TRIPS FOR YEAR 3

SCHOOL TRIP ORGANISERS WITH A DIFFERENCE

OVER 85% OF CHILDREN REPORT FEELING HAPPIER AFTER BEING IN NATURE

Natural England (2021) The Children's People
And Nature Survey For England

BACK TO THE BEAUTIFUL BASICS

At Rootd, we see first-hand the positive impact nature and outdoor adventure can have on a child's well-being and development, and we think it's something every child should have the chance to experience. But this doesn't just mean conquering the high ropes and scaling walls, it means going back to basics – building shelters, lighting campfires and exploring the natural environment.

A SCHOOL TRIP ORGANISER WITH A DIFFERENCE

We've been working with schools delivering outdoor adventures for over 12 years, so we know what gets children motivated and how to get the best out of them.

Many schools come to us for their school residential trips after previous experiences using big trips providers. Often these can feel impersonal rushed and crowded. At Rootd things are very different. We work together to ensure that every child is seen and heard during their time with us. We want them to come away feeling strong, resilient, and empowered, having had the time of their lives.

And of course, keeping children safe as they explore the outdoors is paramount so with our experience comes an expert understanding of where to draw the line between safety and adventure.

ACTIVITIES

TIME TO SHINE

Every child should leave a Rootd Residential with a real sense of achievement feeling braver and more confident than before. On a 1-night nature-based trip, activities are designed to connect them with the natural environment, have adventures, have the freedom to explore, have fun and get the chance to be a child in the great outdoors!

THE FUN OF A ROOTD RESIDENTIAL ALL YEAR ROUND

We love swapping looking down at phones for looking up to the starry sky at night, going on night-time walks, and enjoying hot chocolate around the campfire. Before getting cosy in our fully equipped, warm pods and woodland lodges. All of which is made more magical during the autumn and winter months when the days are shorter and the nights inviting.

And importantly for schools and parents, trips in the Autumn term are more affordable, offering a trip for everyone's budget, and getting more pupils involved and loving the outdoors!

A TYPICAL DAY ON YOUR YEAR 3 ROOTD RESIDENTIAL

TRULY A TIME TO REMEMBER

The children had an amazing time - they have grown in confidence and independence. Our staff also love Rootd and the team who are remarkable. They love their job, they have high energy, they get to know the children in record time.

It is really hard to pick just one member as they work so impeccably as a team.
