**RESIDENTIAL ADVENTURE
TRIPS FOR YEAR 3**

SCHOOL TRIP ORGANISERS WITH A DIFFERENCE

NOT YOUR TYPICAL SCHOOL RESIDENTIAL

A Rootd school residential trip is a unique, immersive outdoor experience that gives children the chance to switch off from the distractions of daily life, learn new skills and create lifelong memories together.

Many schools come to us after previous residentials using big trip providers, which can often feel impersonal, rushed and crowded.

AT ROOTD THINGS ARE VERY DIFFERENT:

- Our unique accommodation gives you an outdoor experience that feels adventurous yet manageable.
- Our highly trained, experienced instructors get to know every child, making them feel included and inspired to push themselves out of their comfort zone.
- With our carefully designed, age-appropriate programmes, we make sure there's an activity to suit every student, so everyone has a chance to shine.

And located just five minutes from the M25, we're within easy reach, which means shorter travel times, lower coach costs and fuller days, so you can make the most of your time on camp.

“The Rootd team have created excellent memories for our children. We have loved seeing the children push themselves out of their comfort zones, grow in confidence, and work together”

WE MAKE IT PERSONAL

A TRIP TO MEET YOUR OBJECTIVES

When you book with us, we'll ask you about your objectives for the trip and recommend an activity programme to help you achieve them.

Whether team building is your aim, or you want to encourage greater independence, our age-appropriate programme will balance adventure with nature engagement to bring out the best in your pupils.

And while you're on camp, your instructors will be with you throughout your stay, so they can get to know everyone in your group and help you make the most of your trip.

WELCOME TO PHASELS WOOD

ADVENTURE IS CLOSER THAN YOU THINK

Set in a beautiful woodland setting, within an hour of Central London, our Hertfordshire activity centre is easily accessible from Greater London and the South East.

With shorter travel times, this means you can be on camp and beginning your activities by 10.00am on the day you arrive, and you can still have a full morning of activities on the day you leave.

A quicker coach journey also means lower coach costs, which can help to keep the trip more affordable for parents.

A NATURE ESCAPE

But even though you're not far from home, when you're on camp, you feel a world away from the hustle and bustle of daily life. With acres of woodland and meadows to explore, pupils can really experience the freedom of the outdoors and connect with their natural surroundings.

MEET OUR INSPIRATIONAL TEAM

Our experienced group leaders are fantastic at getting children involved in every activity, and they ensure that every child feels supported and included during their trip.

With a diverse range of skills, they're great role models for children, delivering every activity with enthusiasm and expertise, while maintaining a high level of professionalism.

EVERY TEAM MEMBER HOLDS:

- An enhanced DBS check
- Level 3 Award in Outdoor First Aid
- NGB (National Governing Body) qualifications or has received in-house training
- Level 2 Safeguarding Children (a designated Level 3 Safeguarding Lead is always on site)
- Level 2 Food Safety and Hygiene

“The activities, food and staff were brilliant. Everyone is incredibly kind, calm and passionate about what they do. So knowledgeable in all subject areas and taught us so much. Beautiful Humans, inside and out. 10 out of 10 from us.”

THE ADVENTURE STARTS WITH OUR ACCOMMODATION

Our unique pod accommodation adds a real sense of adventure to your residential, without compromising on safety or comfort.

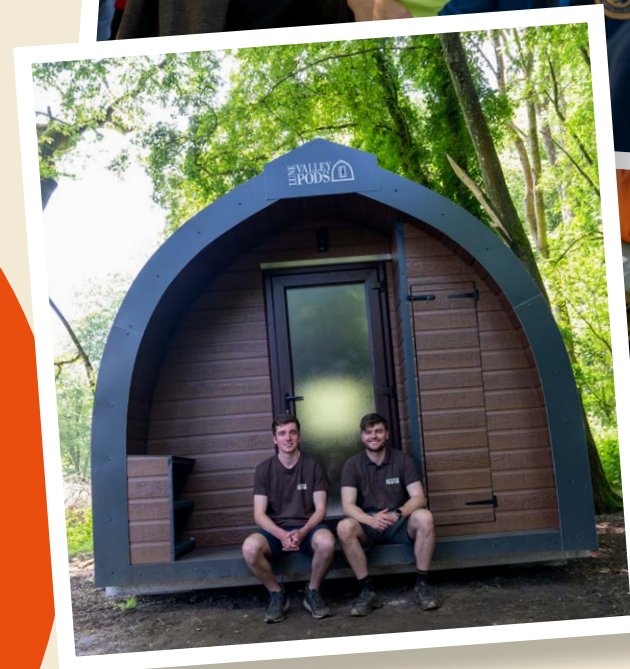

Children experience the best of both worlds – the excitement of sleeping close to nature, combined with the reassurance of nearby facilities, such as night-time toilets and motion sensor lighting.

And with chill-out areas and campfires, children enjoy downtime together, building closer bonds and creating a strong sense of community.

A young girl wearing a tan t-shirt, black pants, a purple harness, and an orange helmet is climbing a wooden obstacle course tower. She is reaching up to grab a blue rope. The tower is made of light-colored wood and has several horizontal wooden planks. A red ball is hanging from a rope nearby. The background shows a clear blue sky and green trees.

A ROOTD RESIDENTIAL FOR **ALL SEASONS**

WITH OUR COSY WOODLAND PODS, WE RUN SCHOOL TRIPS FROM FEBRUARY RIGHT THROUGH TO NOVEMBER.

In the quieter spring and autumn months we lower our prices, which can make our trips more affordable for parents and encourage pupil participation.

Our camps have plenty of sheltered areas, and indoor dining and shower facilities keep you warm and comfortable throughout your stay.

And with the woodland coming alive in spring and displaying a vibrant blend of colours in autumn, it can be a magical time to be in the outdoors!
