RESIDENTIAL TRIPS FOR CHARITIES AND GROUPS

RESIDENTIAL TRIP ORGANISERS WITH A DIFFERENCE

NOT YOUR TYPICAL SCHOOL RESIDENTIAL

A Rootd group residential trip is a unique, immersive outdoor experience that gives young people the chance to switch off from the distractions of daily life, learn new skills and create lifelong memories together.

Many charities and groups come to us after previous residentials using big trip providers, which can often feel impersonal, rushed and crowded.

AT ROOTD THINGS ARE VERY DIFFERENT:

- Our unique accommodation gives you an outdoor experience that feels adventurous yet manageable.
- Our highly trained, experienced instructors get to know every child, making them feel included and inspired to push themselves out of their comfort zone.
- With our carefully designed, age-appropriate programmes, we make sure there's an activity to suit every child, so everyone has a chance to shine.

And located just five minutes from the M25, we're within easy reach, which means shorter travel times, lower coach costs and fuller days, so you can make the most of your time on camp.

“The Rootd team have created excellent memories for our children. We have loved seeing the children push themselves out of their comfort zones, grow in confidence, and work together”

A TRIP PROVIDER YOU CAN TRUST

With years of experience and a highly skilled team, we turn every residential trip into a truly unforgettable adventure! And this is always done with quality and safety top of mind.

We hold the Learning Outside the Classroom (LOTc) accreditation, which means we’ve been assessed against a rigorous framework that evaluates the quality, safety and educational value of our residentials, as well as our safeguarding procedures and emergency planning.

FIVE-STAR REVIEWS

We regularly receive five-star reviews from schools and groups who have been delighted with the quality of our trips.

AFFORDABLE TRIPS FOR CHARITIES

**DESIGN THE
IDEAL TRIP**

We're passionate about the power of nature to inspire and empower young people, so we've made our summer camps as accessible as possible for children's charities.

For many young people, a residential trip may be the first time they've experienced life outside their local community or even stepped into the countryside. Or it might be that an annual summer camp is a rare break from their day-to-day challenges.

SO, IT'S OUR JOB TO MAKE IT AS WELCOMING AND EXCITING AS WE CAN!

Our outdoor activities will challenge them, build their self-confidence and inspire them to reach their true potential.

And most importantly, they'll have a great time, leaving with a huge sense of achievement and amazing memories that could have a life-lasting impact.

EXTRA SUPPORT TO MEET YOUR INDIVIDUAL NEEDS

FLEXIBLE PROGRAMMES

If your group has additional support needs, we'll work with you to adapt our activities, accommodation and programmes to meet your specific requirements.

DISCOUNTED RATES FOR CHARITIES

We work with charitable organisations to provide affordable trips, so that everyone can enjoy incredible experiences without financial strain. We can also offer discounts and extra support for charitable organisations that support young people.

FREE CAMP LEADER PLACES

To make our residential trips even more accessible, we also provide free leader places for every ten children on camp during the school holidays.

ADVENTURE CAMPS FOR YOUTH, FAITH AND SPORTS GROUPS

Bringing groups of young people together in the great outdoors gives them a wonderful opportunity to enjoy their shared interest together and find purpose as a group.

With activities that encourage teamwork and collaboration, during your time on camp, bonds will be strengthened, new friendships will be made, and your young people will experience a real sense of belonging.

But more than anything, they will have a great time together, creating memories that will stay with them for years or decades to come.

ADVENTURES IN A DAY

If you'd prefer a day trip rather than an overnight residential, our adventure days are a great option for charities and groups – offering all the excitement of a Rootd adventure packed into one day.

You can choose from one of three themed adventure days:

WILD SURVIVORS

Children are fully immersed in the natural environment as they learn the essential survival skills needed to thrive in the outdoors, such as fire making, shelter building and outdoor cooking.

ADVENTURERS UNITE

With team challenges and adrenaline-fuelled activities, such as buggy building, climbing and navigating the high ropes, collaboration is a must on this action-packed day.

NATURE EXPLORERS

Children are encouraged to explore the woodland as they learn how to identify our local trees, search together for their favourite minibeast friends or take part in a team scavenger hunt.

WELCOME TO PHASELS WOOD

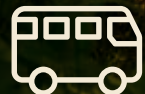

ADVENTURE IS CLOSER THAN YOU THINK

Set in a beautiful woodland setting, within an hour of Central London, our Hertfordshire activity centre is easily accessible from Greater London and the South East.

With shorter travel times, this means you can be on camp and beginning your activities by 10.00am on the day you arrive, and you can still have a full morning of activities on the day you leave.

A quicker coach journey also means lower coach costs, which can help to keep the trip more affordable.

A NATURE ESCAPE

But even though you're not far from home, when you're on camp, you feel a world away from the hustle and bustle of daily life.

With acres of woodland and meadows to explore, pupils can really experience the freedom of the outdoors and connect with their natural surroundings.

MEET OUR INSPIRATIONAL TEAM

Our experienced group leaders are fantastic at getting young people involved in every activity, and they ensure that everyone feels supported and included during their trip.

With a diverse range of skills, they're great role models for children, delivering every activity with enthusiasm and expertise, while maintaining a high level of professionalism.

EVERY TEAM MEMBER HOLDS:

- An enhanced DBS check
- Level 3 Award in Outdoor First Aid
- NGB (National Governing Body) qualifications or has received in-house training
- Level 2 Safeguarding Children (a designated Level 3 Safeguarding Lead is always on site)
- Level 2 Food Safety and Hygiene

“The activities, food and staff were brilliant. Everyone is incredibly kind, calm and passionate about what they do. So knowledgeable in all subject areas and taught us so much. Beautiful Humans, inside and out. 10 out of 10 from us.”

THE ADVENTURE STARTS WITH OUR ACCOMMODATION

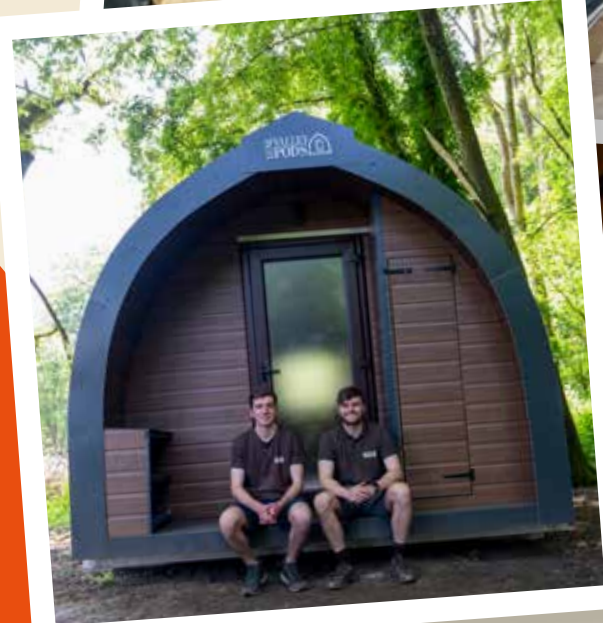

Our unique accommodation adds a real sense of adventure to your residential, without compromising on safety or comfort.

Young people experience the best of both worlds – the excitement of sleeping close to nature, combined with the reassurance of nearby facilities, such as night-time toilets and motion sensor lighting.

And with chill-out areas and campfires, they enjoy downtime together, building closer bonds and creating a strong sense of community.

“The activities and experiences the children participated in have enriched their lives and created lasting memories. One of the highlights of our school year.”

“SOME OF THE BEST ACCOMMODATION I’VE EVER STAYED IN

We recently had an absolutely amazing visit to Rootd. Firstly, the perfect blend of outdoor/nature-based activities, with adventurous ones too. All the staff were incredible, so kind, caring, helpful and knowledgeable about the nature and wildlife of the setting. Lastly, the accommodation is some of the best I’ve ever stayed in, in 30+ years of residential visits. Thank you so much!”

FUN-PACKED ACTIVITY PROGRAMMES

Whether your group takes to the high ropes or you choose to hone your bushcraft survival skills, your residential trip will be packed with exciting activities and teambuilding challenges that build self-belief and resilience, while creating strong bonds within the group.

They are reaching up to grab a blue rope. The structure is made of wooden beams and ropes, with a red ball hanging from a rope in the background. The sky is clear blue, and there are green trees visible at the top and right edges.
